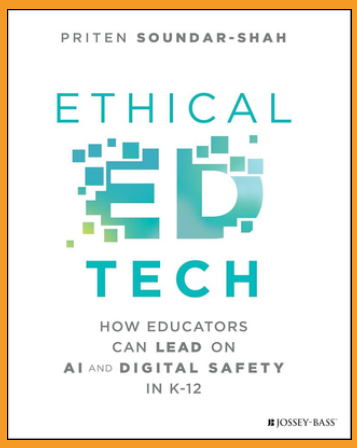
Aligns with the Ohio Department of Education & Workforce's 4 Priorities

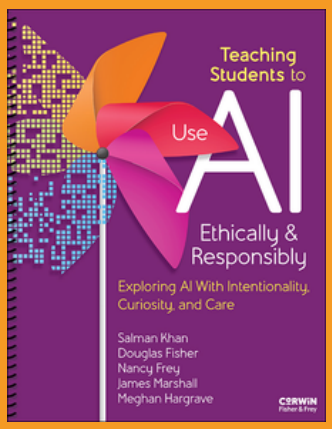
- [ ] Literacy
- [x] Learning Acceleration
- [ ] Student Wellness
- [ ] Workforce Readiness

Ethical Ed Tech: How Educators Can Lead on AI and Digital Safety in K-12 *by Priten Soundar-Shah*

- Examine real scenarios educators face daily
- Integrate philosophical foundations with practical implementation steps
- Address emerging technologies like AI, biometrics, and VR
- Incorporate perspectives from administrators, teachers, parents, and students
- Implement adaptable templates for classroom and school-wide technology policies



Teaching Students to Use AI Ethically & Responsibly: Exploring AI With Intentionality, Curiosity, and Care *by Salman Khan, Douglas Fisher, Nancy Frey, James Marshall, Meghan Hargrave*



- Provides classroom examples, and teacher/student practices
- Includes step-by-step guides for AI-powered learning quests, driven by curiosity and collaboration
- Practical strategies for addressing ethical considerations, bias, privacy, and responsible use of AI in learning environments
- Skill progressions for different grade bands
