Aligns with the Ohio Department of
Education & Workforce's 4 Priorities

- Literacy
- Learning Acceleration
- Student Wellness
- Workforce Readiness

EVAAS DATA REFRESHER FOR ADMINISTRATORS

Use Your Data as a Flashlight, Not a Hammer!

Your teachers have their test scores, but do they know what to do with them? In this professional learning session, we will:

- Provide strategies for having difficult conversations
- Breakdown teacher growth scores into subgroups
- Understand student projected/expected scores
- Brainstorm ways to support your teachers as they use their data to improve their practices
- Collaborate with your peers to discuss best practices

Join Ohio regional data lead Amy Merrill-Wyatt, as she presents on how to understand your EVAAS data **and** use it effectively.

This learning session is being offered both in-person and via Zoom. Please only sign up for one or the other. The same content will be presented at both.
