Aligns with the Ohio Department of
Education & Workforce's 4 Priorities

- ☒ Literacy
- ☐ Learning Acceleration
- ☐ Student Wellness
- ☐ Workforce Readiness

READING ACROSS THE CONTENT AREAS: STRENGTHENING LITERACY IN EVERY CLASSROOM

Support literacy development across content areas by embedding reading, writing, speaking, and vocabulary into all subjects. Examine real world examples and strategies that make complex texts accessible while maintaining rigor, with resources to support implementation.

Participants will explore how to:

- Strengthen literacy across all content areas.
- Integrate reading, writing, speaking, and vocabulary into daily instruction.
- Make complex texts accessible without sacrificing rigor.
- Apply practical strategies through real-world classroom examples.
- Use ready-to-implement literacy resources and tools.
